Professional Summary

Experienced Web Developer skilled in building efficient, user-friendly web applications using cutting-edge technologies like Next.js, TypeScript, React.js, and GraphQL. With a solid foundation in frontend development and over 2 years of industry experience, I excel in translating design concepts into responsive, high-performance web interfaces. Adept at collaborating with cross-functional teams to deliver innovative solutions that meet and exceed client expectations.

Experience

Front End Developer
ASL19 Inc.

Jan 2022 - now
Toronto, Canada

Responsibilities:
- Developed web and mobile front-end applications using TypeScript and React.
- Collaborated with back-end developers to seamlessly integrate APIs into front-end designs.
- Coded and deployed applications in cross-platform, cross-browser environments, ensuring compatibility with required operating systems and browser versions.

Achievements:
- Contributed significantly to the design and development of user interfaces by incorporating new features and integrating front-end with back-end systems. Played a pivotal role in maintaining and optimizing over 20 projects to ensure their functionality and adaptability across diverse environments.
- Successfully implemented a Google Chrome browser extension and developed shared packages that streamlined processes and enhanced efficiency across company projects.

Front End Developer
LOOCREATIVE

Oct 2021 - Dec 2021
Ho Chi Minh, Viet Nam

Responsibilities:
- Built performant, decoupled, testable, maintainable, and reusable code.
- Developed responsive website layouts using HTML, CSS, and JavaScript.
- Ensured cross-browser compatibility for webpages and applications through rigorous testing.
